RE: ELUS Company

To whom it may concern:

This letter is intended to serve as a recommendation of ELUS Company. We have been successfully working together for 19 years. During that period, they have proven to be a superior agency; they are the standard to which we compare our other agencies.

Fortunately, our largest customer in the region strongly suggested that we align ourselves with the ELUS Company. It is a decision that has proven extremely profitable. There is no other firm that compares to the strength and professionalism of the ELUS Company.

We are fond of saying that we cannot have good customers without great representation. Our success within their region would suggest that the ELUS Company is a great representative. The heart of the company is the people and the leadership of John Hebler.

We highly recommend the ELUS Company to any manufacturer looking for the best sales team in the Midwest. Please feel free to contact me personally should I be able to provide any other information.

Sincerely,

A handwritten signature in black ink, appearing to read "PJ Catron". The signature is fluid and cursive, with a large, stylized initial "P" and "C".
